Highlighted information indicates a change or update for the 2022-2023 school year.

From the Principal

Welcome students and families of Lucas Middle School to the 2022-2023 school year. I am looking forward to an enjoyable 2022-23 school year. An excellent school is a place where students are challenged academically in a nurturing and supportive environment. The staff of Lucas Middle School is continually learning and growing through collaboration and engaging in professional development so that we have the necessary skills to empower and teach our students. We strive to create a community where “students and teachers are working together to prepare for life’s challenges.”

We have high expectations of our students and believe that school is a workplace for students. We want our students to be respectful of and cooperative with the staff and the student body. We want our students to represent Lucas Middle School, and the Lucas Local School District with pride. Finally, we want our students to learn skills needed for future success.

With this in mind, the pages of this handbook are filled with important information regarding directions, guidelines and information about our school. Keep in mind, information referencing a board policy is subject to change during the school year, therefore the current board policy at the time of an occurrence would be used.

Please review and reinforce the contents of this handbook and district guidelines in order to create a partnership with the school as we work together toward the goals of maintaining safe, responsible and appropriate learning behaviors in all of our students.

Yours in Partnership,

ATTENDANCE

Student appointments excused by parent/guardian note or phone call the day it is scheduled shall receive an Early Dismissal Slip from the office. Upon his/her return to school, the student must present a Physician's note indicating the location and duration of appointment in order for the absence to be excused.

When a student is to be absent from school, the following procedures are to be followed:

- Parents/Guardians must call 419-892-2338 x21200 by 8:30am the day their student is absent, stating their name, name of student & reason for absence. Students may not call themselves off.
- A student whose parents/guardians have not called or who cannot be reached by phone must bring a note signed by the parent/guardian/doctor indicating the date & reason for the absence within 24 hours or the absence will remain unexcused.
- Upon return, students must obtain an "admit slip" from the office and present it to each teacher. This slip will be marked "excused" or "unexcused" indicating the student's ability to complete make-up work.

EXCUSED ABSENCE(S) (*Board Policy JED*)

Regular attendance by all students is very important. In many cases, irregular attendance is the major reason for poor school work. Therefore, all students are urged to make doctor appointments, do personal errands, etc., outside of school hours.

Reasons for which students may be medically excused include but are not limited to:

1. personal illness of the student;
2. illness in the student's family necessitating the presence of the child;
3. quarantine for contagious disease or
4. emergency or other set of circumstances in which the judge of the Superintendent constitutes a good and sufficient cause for absence from school, which may include but not be limited to absences due to documented medical appointments.

Reasons for which students may be non medically excused include but are not limited to:

1. needed at home to perform necessary work directly and exclusively for parents or legal guardians for a limited period of time when approved by the Superintendent (applies to students over 14 years of age only);
2. death in the family (applies to absences of up to 18 school hours unless a reasonable cause may be shown for a longer absence);
3. observance of religious holidays consistent with a student's truly held religious belief;
4. traveling out of state to attend a Board-approved enrichment activity or extracurricular activity (applies to absences of up to 24 school hours);
5. college visitation;
6. absences due to a student's placement in foster care or change in foster care placement or any court proceedings related to their foster care status;
7. absences due to a student being homeless or
8. temporary internet outage for individual students or households;
9. technical difficulties for individual students or households occurring at inopportune times such as during

- a teacher-led remote learning lesson;
- 10. absences due to COVID-19 reasons that are not considered medically excused until alternative arrangements can be made or
- 11. as determined by the Superintendent

The District makes an attempt to contact the parent, guardian, or other person having care of a student who has not notified the school of the student's absence that day regarding that student's absence without legitimate excuse within 120 minutes of the start of the school day. The Board authorizes the Superintendent to determine and use the appropriate notification procedure and methods consistent with State Law.

Each student who is absent must immediately, upon return to school, make arrangements with his/her teacher(s) to make up work missed. Students who are absent from school for reasons not permitted by State Law may or may not be permitted to make up work. Each case will be considered on its merits by the principal and the respective teacher(s). Students who are absent due to an in-school or out-of school suspension are permitted to make up missed classroom assignments in accordance with District level policies and procedures. Students will be requested to bring a note to school after each absence explaining the reason for the absence or tardiness in accordance with procedures and timelines defined in District level policies and procedures.

Truancy (*Board Policy JEDA*)

The Board endeavors to reduce truancy through cooperation with parents, diligence in investigating the causes of absence and use of strict guidelines in regard to tardiness and unexcused absence.

When the Board determines that a student has been truant and that the parent, guardian or other person having care of a child has failed to ensure the child's attendance at school, State law authorizes the Board to require the parent to attend a specified educational program.

This program has been established according to the rules adopted by the State Board of Education for the purpose of encouraging parental involvement in compelling the child's attendance at school.

On the request of the Superintendent, or when it comes to the attention of the school attendance officer or other appropriate officer of the District, the designated officer must investigate any case of supposed truancy within the District and must warn the child, if found truant, and the child's parent in writing of the legal consequences of being a "habitual" or a "chronic" truant.

A "habitual" truant is any child of compulsory school age who is absent without a legitimate excuse for 30 or more consecutive hours, 42 or more hours in one month or 72 or more hours in a school year.

The parent is required to have the child attend school immediately after notification. If the parent fails to get the child to attend school, the attendance officer or other appropriate officer, if directed by the Superintendent or the Board, must send notice requiring the child's parent to attend a parental education program.

Regarding "habitual" truants, the Board must take as an intervention strategy any appropriate action contained in the Board policy. The Board directs the administration to develop intervention strategies that include all of the following actions if applicable:

1. providing a truancy intervention plan meeting State law requirements for any student who is

- excessively absent from school;
- 2. providing counseling for a habitual truant;
- 3. requesting or requiring a parent having control of a habitual truant to attend parental involvement programs;
- 4. requesting or requiring a parent of a habitual truant to attend truancy prevention mediation programs,
- 5. notification to the Registrar of Motor Vehicles or
- 6. taking appropriate legal action.

The attendance officer provides notice to the parent of a student who is absent with or without a nonmedical excuse for 38 or more hours in one school month or 65 or more hours in a school year within seven days after the date of the absence triggering the notice. At the time of notice, the District may take any appropriate action as outlined in this policy as an intervention strategy.

The truancy procedure shall include a Parent Education Program as specified in ORC 3321.19, be presented by representatives of the court, and be available to all District parents.

Richland County Court of Common Pleas School Juvenile Court Attendance Truancy Process:

- I. WARNING LETTER - School to send warning letter after 12 hours of unexcused absences.
- II. ATTENDANCE/TRUANCY EDUCATION PROGRAM (TEP)- Parents will be sent a letter to attend the program after the student has 65 hours (or 30 consecutive, or 38 in a month) unexcused hours.
- III. OFFICIAL COMPLAINT (Informal Court Conference) - To be scheduled for any student whose parent does not attend the Truancy Education Program (TEP) and/or for any student who has attended the program in the past and has accumulated additional unexcused absences after 72 hours (or 30 consecutive or 42 hours in a month).
- IV. OFFICIAL HEARING - To be held against any student/parent who does not attend the Informal Court Conference and/or has failed to comply with the Informal Court Conference plan. Parents may also be held accountable through the Richland County juvenile Court for failure to send their student to school.

Absence Intervention Plan *(Board Policy JEDA)*

When a student's absences surpass the threshold for a habitual truant, the principal or the Superintendent assigns the student to an absence intervention team within 10 days of the triggering event. The absence intervention team must be developed within seven school days of the triggering event and is based on the needs of the individual student. The team must include a representative from the student's school or District, a representative from the student's school or District who knows the student and the student's parent or their designee, and also may include a school psychologist, counselor, social worker or representative of an agency designed to assist students and their families in reducing absences. During the seven days while developing the team, the Superintendent or principal makes at least three meaningful, good faith attempts to secure participation of the student's parent/guardian. If the student's parents are unresponsive, the District investigates whether the failure to respond triggers mandatory reporting to the appropriate children's services agency and instructs the absence team to develop the intervention plan without the parent.

Within 14 school days after a student is assigned to a team, the team develops a student specific intervention

plan to work to reduce or eliminate further absences. The plan includes, at minimum, a statement the District will file a complaint in juvenile court not later than 61 days after the date the plan is implemented if the student refuses to participate or fails to make satisfactory progress. The District makes reasonable efforts to provide the student's parent with written notice of the plan within seven days of development. The absence intervention plan for a student may include contacting the juvenile court to have a student informally enrolled in an alternative to adjudication.

The Board directs the Superintendent to develop written procedures regarding the use of and selection process for offering these alternatives to ensure fairness.

If the student becomes habitually truant within 21 school days prior to the last day of instruction of a school year, the District may either assign a school official to work with the student's parent to develop an intervention plan during the summer and implement the plan no later than seven days prior to the first day of instruction of the next school year, or reconvene the absence intervention process on the first day of instruction of the next school year.

Filing a Complaint with Juvenile Court *(Board Policy JEDA)*

The attendance officer must file a complaint against the student in juvenile court on the 61st day after implementation of the absence intervention plan when:

1. the student's absences have surpassed the threshold for a habitual truant;
2. the District has made meaningful attempts to re-engage the student through the absence intervention plan, other intervention strategies and any offered alternatives to adjudication and
3. the student has refused to participate in or failed to make satisfactory progress on the plan or any offered intervention strategies or alternatives to adjudication as determined by the absence intervention team.

If the 61st day after intervention falls on a day during the summer months, the District may extend the implementation of the plan and delay the filing of the complaint for an additional 30 days after the first day of instruction of the next school year.

Unless the absence intervention team determines the student has made substantial progress on their absence intervention plan, the attendance officer must file a complaint against the student in juvenile court if the student is absent without legitimate excuse for 30 or more consecutive hours or 42 or more hours during a school month at any time during the implementation phase of the intervention plan or other intervention strategy.

UNEXCUSED ABSENCE *(Board Policy JED)*

After 10 absences, those absences not covered by a doctor or hospital excuse, court excuse, death in the immediate family, or principal's approval will be processed as unexcused. The consequences of unexcused absences are that the student receives a failing grade for the day's work and is not permitted to make up the work missed.

More than 10 days of unexcused absence will be considered truancy and appropriate authorities will be contacted. The Board, as an agency of the State, required to enforce regular attendance of students. The Board recognizes the need to collaborate with the Richland County juvenile Court when dealing with Lucas students who are truant from school.

Students must be present for full school days to qualify for perfect attendance.

Early Dismissal/Late Arrival

In every case where a student leaves the building before the final dismissal bell, he/she must obtain an Early Dismissal Pass. Preferably, the student is to bring a signed parental/custodial note to the office at the beginning of the school day, stating the date, time & reason for the request. The student's guardian must then sign out the student with the reason for leaving, time leaving and destination. No student will be permitted to leave the building during school hours without parent/guardian permission. Parents/guardians or parent-authorized adults must come into the office to pick up students and may be asked to provide identification. The student will then be called to the office for dismissal.

When a student arrives tardy to school or returns from an appointment during the same day, the student ~~guardian~~ must sign in ~~the student~~ at the school office where students will receive a pass to class. ~~A student will be counted absent for ½ day if he/she arrives at school after 10:30am. A student that leaves school prior to 1:30pm will be counted absent for a ½ day.~~

MAKE-UP WORK *(Board Policy JED)*

Each student who is absent must immediately upon return to school make arrangements with his/her teacher(s) to make up worked missed. Students who are absent from school for reasons not permitted by State law may or may not be permitted to make up work. Each case will be considered on its merits by the principal and the respective teacher(s). Students who are absent due to an in-school or out-of-school suspension are permitted to make up missed classroom assignments in accordance with District level policies and procedures. Students will be requested to bring a note to school after each absence explaining the reason for the absence or tardiness in accordance with procedures and timelines defined in District level policies and procedures.

MEDICAL STATUS *(Board Policy JED)*

Students who are absent for 10 days during the school year, excused or unexcused, will be put on medical status. Medical excuses, approved extended absence for illness, funerals of immediate family members, and court excuses will not be included in these ten days. Once a student is on Medical Status, only a doctor or hospital excuse, court excuse, death in the immediate family, or a principal's approval will be accepted. The excuse or arrangements to provide the excuse must be received within 24 hours of the student's return to school. Parents of students with chronic medical conditions should contact the principal and/or attendance office.

After 10 absences, those absences not covered by a doctor or hospital excuse, court excuse, death in the immediate family, or principal's approval will be processed as unexcused. The consequences of unexcused absences are that the student receives a failing grade for the day's work and is not permitted to make up the work missed.

More than 10 days of unexcused absence will be considered truancy and appropriate authorities will be contacted. The Board, as an agency of the State, is required to enforce regular attendance of students. The Board recognizes the need to collaborate with the Richland County Juvenile Court when dealing with Lucas students who are truant from school.

The Superintendent, in collaboration with juvenile court officials, shall develop and utilize a truancy procedure that will assist the individual schools in maintaining student attendance.

TARDINESS

A student is tardy to school if he/she is not in his/her homeroom class, when the tardy bell rings. The disciplinary consequences for tardiness are cumulative by quarter and outlined in the Discipline Code Enforcement Structure. Unexcused tardies will count toward unexcused hours.

The Tardy Bell rings at 8:37am. A student shall be in class, as defined by the supervising adult, at the designated start time of 1st period and will not accumulate more than 3 tardy infractions in a given grading period.

1st Offense (4th-7th tardy): After School Detention for each instance of tardiness

2nd Offense (8th-9th tardy): Wednesday School Detention for each instance of tardiness

3rd Offense: (10th tardy and beyond): ALC Placement for each instance of tardiness

VACATION POLICY (PLANNED ABSENCE) *(Board Policy JED; JED-F)*

The Board does not believe that students should be excused from school for vacations or other non emergency trips. However, the final responsibility for this decision will rest with the parents and they must not expect any work missed by their child to be re-taught by the teacher. If the school is notified at least five (5) school days in advance of such a trip, every effort will be made to prepare assignments for the student to complete while he/she is absent.

Approval from the Principal using a Planned Absence Form must be obtained before the student leaves for a vacation. Students are prohibited from taking vacations during the last regularly scheduled week of a semester.

Planned Absence Forms can be requested through the school office.

Days missed for a vacation/planned absence will be counted toward the student's cumulative days leading up to medical status.

STUDENT DISCIPLINE

STUDENT CODE OF RIGHTS & RESPONSIBILITIES

As used in sections of the Student Code of Rights and Responsibilities, the designee of the Board of Education will be the Superintendent. The Superintendent's designee may be one of the following: the ranking building administrator, Elementary School Principal, Middle School Principal, High School Principal, an administrative assistant or the Treasurer. Each student receives his/her legal & procedural rights with regard to suspension, expulsion and removal within this handbook.

The use of prone restraint is prohibited. This policy does not prohibit the use of reasonable force and restraint as provided by RC 3319.41.

Restraint may be used only:

1. if a student's behavior poses an immediate risk of physical harm to the student or others and no other safe or effective intervention is available;
2. if the physical restraint does not interfere with the student's ability to breathe;
3. if the physical restraint does not interfere with the student's ability to communicate in the student's primary language or mode of communication and
4. by school personnel trained in safe restraint techniques, except in the case of rare and unavoidable emergency situations when trained personnel are

not immediately available.

Students will receive at least partial credit upon completion of any assignment missed due to suspension. The Board directs the Superintendent to develop written procedures for completing and grading these assignments. Grade reductions are permitted, but students will not receive a failing grade on a completed assignment solely due to the student's suspension.

The guidelines listed below are followed for all out-of-school suspensions.:

- 1. The student is informed in writing of the potential/intent to suspend and the reasons for the proposed action.
 - 2. The student is provided an opportunity for an informal hearing to challenge the reason for the intended suspension and explain his/her actions.
 - 3. An attempt is made to notify the parent(s) by telephone if a suspension is issued.
 - 4. Within one school day, a letter is sent to the parent(s) stating the specific reasons for the suspension and including notice of the right to appeal such action.
 - 5. Notice of this suspension is sent to the:

c. The time and the place of this hearing must not be less than three (3) days nor more than five (5) days after the written intention to expel notification has been given as provided herein in Section C, Part 2.

3. As provided herein in Section B, a student may be suspended pending an expulsion.
4. The superintendent may grant an extension of time for the hearing provided herein Section C Part 2. If an extension of time is granted, the superintendent will notify all parties of the time and the place of the rescheduled hearing.
5. Within twenty-four (24) hours of any expulsion, the superintendent or the superintendent's designee will give written expulsion notification to the expelled student, to the parent, guardian, or custodian of the student being expelled and to the clerk of the Board of Education. This notification will include the reason(s) for the expulsion. It will also notify the student and his/her parent, guardian, or other custodian of their right to appeal the expulsion to the Board of Education or its designee. The student has the right to be represented at this appeal and to request that this appeal be held in executive session.

D. Emergency Removal

1. If, in the judgment of the superintendent or his designee, a student's presence poses a continuing danger to persons or property or is an ongoing disruptive threat to the academic process, then the superintendent or the superintendent's designee may remove the student from Board of Education property and from all curricular and extracurricular activities.
2. A student may be removed as provided in Section D pending the suspension and/or expulsion of that student as provided respectively in Section B and Section C.

A written notice of the time and place of the hearing, the reason(s) for the removal, and of any intended disciplinary action(s) must be given to the student as soon as practical after the removal and prior to the hearing. The student must be notified in writing of his/her right to appear at this hearing to explain his actions and/or to challenge the reason(s) for the removal. The person who ordered or requested the removal must be present at the hearing. Within twenty-four (24) hours of any removal, the superintendent or the superintendent's designee will give written removal notification to the clerk of the Board of Education and to the parents, guardian or other custodian of the student. This notification will include the right of the guardian or other custodian to appeal the removal to the Board of Education or its designee, the right to be represented at this appeal and to request that this appeal be held in executive session.
5. If a teacher removes one or more students and if one or more of those students is reinstated prior to a hearing by the superintendent or the superintendent's designee, then upon demand of that teacher, the superintendent or superintendent's designee shall give to that teacher, written

notification the reason(s) for the reinstatement(s). The teacher cannot refuse to reinstate a student who has been reinstated by the superintendent or the superintendent's designee.

6. If one or more students are removed from one or more classes, then that student or those students shall be kept from that class or those classes until the misconduct matter of the student or students is disposed of by reinstatement, by suspension or by expulsion.
7. In all normal disciplinary procedure cases where a student is removed from a curricular or extracurricular activity for less than twenty-four (24) hours and is not subject to a further suspension or expulsion, no part of this code shall apply.

Rule 4. Fighting, Assault, Bullying, Hazing, Harassment, Discrimination, Intimidation

No pupil shall, at a location within the scope of this rule, assault, fight with, menace, harass, threaten, intimidate or bully any other person.

HAZING AND BULLYING

Hazing means doing any act or coercing another, including the victim, to do any act of initiation into any student or other organization that causes or creates a substantial risk of causing mental or physical harm to any person. Throughout this policy the term bullying is used in place of harassment, intimidation and bullying. Bullying, harassment and intimidation is an intentional written, verbal or physical act that a student has exhibited toward another particular student more than once. The intentional act also includes violence within a dating relationship. The behavior causes mental or physical harm to the other student and is sufficiently severe, persistent or pervasive that it creates an intimidating, threatening or abusive educational environment for the other student. This behavior is prohibited on school property or at a school-sponsored activity. Students found responsible for harassment, intimidation or bullying by an electronic act may be suspended.

Types of Bullying

Physical Bullying The repeated use of force toward a person's body or personal belongings. Examples include, but are not limited to, hitting, punching, shoving, kicking, tripping, spitting, elbowing, shoulder checking, pinching, flicking, throwing objects, hair pulling, restraining, inappropriate touching, and damaging physical property.

Verbal Bullying: Repeatedly using negative and/or damaging words (including both spoken and written) toward or in regard to another person. Examples include, but are not limited to, negative comments, name calling, lies, rumors, racial slurs, teasing, cussing, threats, fake compliments and sexual orientation attacks.

Cyberbullying: Repeatedly using social media, email or electronic devices in a negative manner toward or in regard to another person. Examples include, but are not limited to, posting negative comments, fake profiles, sexting, making fun of photos, tagging photos, Twitter fights, posting negative videos, texting photos, negative status posts, hate blogs, hate pledges, texting rumors, hacking profiles, nasty emails and sending mean forwards.

Complaint Process

Formal Complaints: Students and/or their parents or guardians may file reports regarding suspected hazing, harassment, intimidation, bullying and/or dating violence. The reports should be written. Such written reports must be reasonably specific including the person(s) involved; number of times and places of the alleged conduct; the target of suspected harassment, intimidation and/or bullying and the names of any potential student or staff witnesses. Such reports may be filed with any school staff member or administrator. They are promptly forwarded to the building principal/designee for review and action.

Informal Complaints: Students, parents or guardians and school personnel may make informal complaints of conduct that they consider to be harassment, intimidation and/or bullying by verbal report to a teacher, school administrator or other school personnel. Such informal complaints must be reasonably specific as to the actions giving rise to the suspicion of hazing, harassment, intimidation and/or bullying, including person(s) involved, number of times and places of the alleged conduct, the target of the prohibited behavior(s) and the names of any potential student or staff witness. The school staff member or administrator who receives the informal complaint

promptly documents the complaint in writing, including the above information. This written report by the school staff member and/or administrator is promptly forwarded to the building principal/designee for review and action.

Anonymous Complaints: Students who make informal complaints as set forth above may request that their name be maintained in confidence by the school staff member(s) and administrator(s) who receive the complaint. The anonymous complaint is reviewed and reasonable action is taken to address the situation, to the extent such action (1) does not disclose the source of the complaint, and (2) is consistent with the due process rights of the student(s) alleged to have committed acts of hazing, bullying and/or dating violence.

False Complaints: Students are prohibited from deliberately making false complaints of harassment, intimidation or bullying. Students found responsible for deliberately making false reports of harassment, intimidation or bullying may be subject to a full range of disciplinary consequences.

Rule 5: Theft and/or Possession of Stolen Property

No pupil shall, at a location within the scope of this rule, steal, attempt to steal, or have the possession of property of another without the permission of the owner or a person authorized to give consent. This rule applies to property of the school district, other students, district employees or any other person and includes the use of debit, credit and/or gift cards.

Rule 6: Vandalism

No person shall, at a location within the scope of this rule, cause or attempt to cause damage to real or personal property of another including property owned by the school district. This includes defacing, graffiti and/or the introduction, deletion or attempt to introduce or delete any computer program.

POSITIVE BEHAVIOR INTERVENTION SUPPORT

Cub P.R.I.D.E

Lucas Elementary and Middle Schools are implementing PBIS on a school-wide basis for the purpose of improving academic and social outcomes and increasing learning for all students.

PBIS focuses on creating and sustaining school-wide, classroom, and individual systems of support that improve the educational environment for all children. With a goal of teaching behavioral expectations and recognizing positive behaviors shown by students, we hope to reduce school and classroom behavior disruptions and educate all students about acceptable school behaviors.

It is the goal of Lucas Schools to have all staff members serve as positive role models to students as they teach expected school behaviors. We will also be working to recognize and reward expected behaviors among students. By improving the school environment, it is our hope we will increase learning time and promote academic and social success for every student.

- Every student will be taught our expectations in multiple settings throughout our school
- We, as a staff, will continually self-evaluate our culture and seek behavior support to effectively meet the social and emotional needs of all students.
- Staff and students will work together to create an environment that encourages the expected behaviors of showing Patience, Respect, Independence, Dedication, and Engagement.
- PBIS reminds us that growth must occur for all students even in situations of misbehavior.
- Research has shown that PBIS not only improves a school culture, but it will also improve academic performance.

Our expectations will provide a school environment where more time is spent instructing and less time spent disciplining. Steps will be taken to work with student to change behavior that does not meet expectations. One step could include the completion of a “PAWS” and Reflect Form where the student will

“PAWS” and Reflect Form
A student will be asked to reflect on their behavior and consider alternative solutions that meet school expectations.

be asked to reflect on their behavior and consider alternative solutions that meet school expectations. Parents will be provided a copy of this form through a school messaging platform.

In the event that a student has a discipline concern that could not be resolved through multiple redirection attempts, an Office Discipline Referral Form will be completed. A copy of this form will be sent home with your child or through a school messaging platform. Please discuss behavior concerns with your child, sign, and return the form to school. We will have consistent consequences and positive reinforcement for all kids.

Parents/Guardian Role in PBIS:

By working together, parents and our school staff can reinforce the necessary skills for productive citizenship. Home and school communication is a must when it comes to providing a consistent environment with high, but reasonable, expectations. Your help with PBIS is very important and your support sends an important message to your child that we are working together as a team to help him/her

be successful in school. We ask that you support the school's expectations in the following ways:

1. Spend time reviewing the behavior expectations with your student.
2. Remind your student of the expectations each day before he/she leaves for school.

Office Discipline Referral Outline

The Office Discipline Referrals will be handled by the principal as outlined under the General Infraction section of the student handbook.

Detentions, Wednesday School, Suspension, Alternative Learning Center

These programs are offered as discipline alternatives. Detention is either an hour study session at the elementary or an hour session at the high school on Tuesday or Thursday. All detentions are under the supervision of a staff member. Wednesday School is a two hour after school study session held at the high school. In-school suspension or Alternative Learning Center may be used as an alternative to out-of-school suspension. School officials may withhold this option for actions involving violence or other illegal actions by a student.

Students will be notified as to procedures for going to and from the assembly area.

BUS TRANSPORTATION AND CONDUCT

Cooperation is essential for the safety of all students who are transported by school bus. Parents, students, and school personnel must work together to ensure that students understand and follow all rules of behavior and listen to the direction of the driver.

Students who cannot abide by the rules will receive disciplinary action and could have their bus privileges removed. A detailed outline of transportation guidelines is provided to each student at the beginning of the school year. CARE OF SCHOOL TEXTBOOKS

The Board of Education supplies textbooks to each student according to his/her needs. Students are expected to take reasonable care of the texts assigned to them. Students will be held financially responsible for loss of or damage to textbooks.

The Lucas Schools are operating close lunch periods which means there are no visitors during student lunches.

Students with an outstanding cafeteria balance equivalent to more than 3 lunch charges may be denied participation in field trips and extracurricular activities

CLOSINGS AND DELAY

During severe winter weather conditions, it is sometimes necessary to close or delay the schools on short notice. The guiding factor in such a decision is the safety of the pupils. When schools are closed or delayed on short notice, it is usually for one of the following reasons:

- A sudden overnight snowfall that ties up traffic and makes it difficult for buses to cover their routes.
- Freezing rain that makes it hazardous for buses to run.
- Extremely low morning temperatures which make it a health hazard for the children to wait at the bus stop.
- A breakdown in the heating system or water supply.

When any of the above conditions prevail, the decision to delay opening or to close the school is made as early as possible. The closing will be reported through the school's All Call System as well as to local radio stations WMAN, WVNO, and WNCO.

ACCEPTABLE COMPUTER USE AND PURPOSE

In order for the Lucas Local School District to be able to continue to make its computer network and Internet access available, all students must take responsibility for appropriate and lawful use of this access. While the school's teachers and other staff will make reasonable efforts to supervise student use of network and Internet access, they must have student cooperation in exercising and promoting responsible use of this access. The district cannot provide access to a student who does not have a Computer Network/ Internet Acceptable Use Policy & Agreement form on file.

The district Internet Acceptable Use Policy can be found online at the school website. A copy of the policy is also available in any of the school offices.

COMPUTER ACCOUNTS

Student G-Mail and Google Drive Accounts are not public domains and are monitored by the school district. They are to only be used for school purposes, and are limited to interaction within the school district. The main purpose of Google Suite and other district provided accounts is for collaborating on projects and school assignments only. Students are not to be using these tools for personal social interactions with peers. The tools are specifically for homework assignments, classroom projects, etc. Students are reminded that these tools are not to be used for personal, social peer interactions.

DANCES: DRESS/BEHAVIORS

Dances for the Middle School are sponsored by the student council. School dress code, rules, policies and expectations regarding student conduct will be enforced. M.S. dances are not open to guests from other schools.

ELECTRONIC AND WIRELESS DEVICES

Electronic devices must be kept out of sight and silent from the arrival to school through dismissal unless previous permission is obtained for classroom activity, this includes during lunch period and designated break times. Confiscated items may be searched if a reasonable suspicion exists for such search. Neither phones or cameras are allowed to be on in locker rooms or restrooms at any time.

Electronic devices,
including cell phones,
are to be turned off
and put away from
arrival to school until
dismissal

The district assumes no liability for lost, stolen or damaged devices. Parents/guardians are advised that the best way to contact your student during school hours is by calling the office.

EMERGENCY DISMISSAL

At the start of each school year parents/guardians are to complete an Emergency/Early Dismissal form for their child. This information is shared with each classroom teacher and will be followed unless the school is contacted with a change.

In case conditions necessitate an early dismissal, a child should know what neighbor or friend will assume responsibility when parents are not home. Please confirm that your child knows what to do in your absence. as children often become very upset when they are uncertain about after-school arrangements.

ENRICHMENT/GIFTED

Lucas Local School District has adopted Ohio's Operating Standards for Identifying and Serving Students Who are Gifted, which standardizes identification procedures throughout the state and will identify students with advanced learning needs in the areas of:

- Superior Cognitive Ability
- Specific Academic Ability
- Creative Thinking Ability
- Visual or Performing Arts.

Students are screened during the K-2 and 3-6 Grade Bands. You will be notified by the school if your child qualifies for Gifted Services through screeners. If you have questions or concerns about the Gifted Program or services, contact the building principal.

FIELD TRIPS *(from Board Policy IICA)*

All field trips sponsored by the schools are educational in nature and are directly related to the subject matter and the course objectives of instruction at the particular grade level. Field trips are lessons and are to be planned as such, with objectives determined in advance.

All students must travel to and from a field trip on school transportation. If a parent would like to take their child home after the trip, this request MUST be in writing and arrangements agreed upon prior to the day of the trip.

~~As part of the district reopening plan, assemblies are discouraged, unless considered essential and appropriate by administration.~~

FIELD TRIP CHAPERONES

All parent/guardian chaperones will be required to have a Volunteer Application on file for the present school year.

While it is not always necessary, some field tripe events require the presence of chaperones. A chaperone is charged to assist the teacher and staff in the care of students from the time they board a bus at the school until they return to school. Chaperones for field trips are expected to comply with the following guidelines:

- Chaperones are chosen by the teacher and only those persons may accompany a class on a trip.
- Chaperones may bring no other children/guests on the trip.
- If necessary, chaperones may have to provide their own transportation.
- Chaperones are responsible for their own admission, fees, and lunch unless otherwise notified.
- Chaperones must dress appropriately for the occasion.
- There is to be no smoking, drugs, or drinking of alcoholic beverages at any time before, during, or on route during field trips.

- Chaperones are to follow the directives of the teacher(s).
- Chaperones are responsible for assigned children and treat all children with fairness and respect.
- Chaperones are to set a good example with language, profanity is prohibited.
- Discipline is not the chaperone's responsibility. Any discipline concerns should be directed to the teacher.
- Chaperones are not to take pictures of students and post them to social media sites.

GETTING A MESSAGE TO A STUDENT

Emergency calls only from a parent/guardian. Contact the middle school office.

HOMEWORK

Please refer to your student's classroom teacher's policy, as each teacher handles homework communication in a different manner. Students are not to call home for homework without written permission from the teacher.

LIBRARY-MEDIA CENTER

Library Purpose: The library is designed to supplement regular class work and to serve as a central location for materials. The library provides materials for student and teacher use. The library is open from 8:30 - 3:30.

Using the Library: Specific guidelines and rules for using the library are posted in the library and on the library web-page.

Library Material Checkout Overdue Materials or Fines: Books are loaned for a period of two weeks, and can be renewed for an additional two-week period twice. Students who have overdue library materials will not be allowed to check out additional books until the overdue materials are returned or renewed and all fines are paid. Damaged or lost books must be paid for by the student to whom the book was checked out.

LICE

Children identified with head lice infestation (pediculosis) will be sent home with the parent. Children with working parents or those children who cannot be sent home will remain in school with restriction on activities that require close personal contact. The child may return to school the morning after treatment. At that time, the child must be free of lice and BE FREE OF NITS. The child's head will be checked the morning he/she returns to school. If nits are found, the parent will be notified and expected to take the child home immediately.

LOCKERS

All lockers are the property of the Lucas Board of Education.

- All student locks are provided by the school district.
- Clean the locker periodically to keep it as uncluttered as possible.
- Keep unnecessary items at home. Carry books for several classes to cut down trips to lockers between classes.
- Do not keep dangerous substances in lockers.
- Students will not be allowed to go to lockers during classes without teacher permission at the beginning of class.
- School officials reserve the right to search a student's locker when there is probable cause.
- School officials will use a witness during any locker search.

Lucas Local Schools
has a Nit-Free Policy.

LOST AND FOUND

Articles that have been found on the premises will be kept in a lost and found area in the building. ~~box outside the office~~. Parents can help to reduce the number of lost articles by marking lunch boxes and clothing with their child's name. Parents **and students** are encouraged to check the lost and found from time to time. At the end of the school year, articles left in the lost and found will be donated to a charitable organization or discarded.

MEDICATION

Medication should be administered by parents before or after school whenever possible.

If it is necessary for a student to receive medication during school hours, **MEDICATION MUST BE BROUGHT TO and FROM SCHOOL BY A PARENT.** This is important protection for all of our students, since items brought to and from school by students could become lost and might be found by other students. Some children are highly allergic to medication—even to aspirin. A lost pill could become dangerous!

A Lucas Medication Administration Form must be completed by a physician and on file for all medications taken at school, including cough drops.

No prescription drugs, nonprescription drugs or medication will be administered to any student unless:

- a. a parent or guardian submits a written request that they be administered and
- b. the Physician's Statement Concerning Drugs to be Administered to a Student by School Personnel (available in the Elementary office) is filled out completely, signed, and filed with the building principal prior to the time the drugs are to be first administered. Additional forms are available upon request. No drugs shall be administered by means of injection by an employee of the school district except a school or delegated nurse.

A child may carry an inhaler with him/her if the "self-medication" for asthma inhalers" form is completed and on file.

NURSE AND MEDICAL CARE

The district has a full time school nurse on staff. Additionally, first aid may be administered by school personnel when needed. Parents are notified if follow-up care is indicated either at home or by a private physician. Most of the time a bandage or a short rest in the clinic enables the child to return to his/her classroom.

Lucas Local Schools will follow CDC, state and local guidelines regarding COVID-19 and other communicable diseases and will update staff, parents and students accordingly. Students with flu-like symptoms (as per CDC), or temperatures of 100°F or higher, must stay home until fever/symptom free for 24 hours (without use of any medications to control fever).

PARENT CONFERENCES

Parent- teacher conferences are held twice during the school year, during the second and third grading periods. ~~Due to the requirements of the third grade guarantee some students will not be scheduled unless there is a parent request during the spring conferences.~~

Student progress and accomplishments are shared as well as problems and concerns. Your child may be invited by the classroom teacher to attend the conference. In addition to the regularly scheduled conferences,

conferences, including Intervention Assistance team meetings (IAT), may be requested by parents or teachers at other times throughout the school year.

Further, for the purpose of staff evaluation, students may be videotaped as part of the process.

Parents/guardians not wishing for their student's image and information to be used must submit a letter indicating this request to the Principal. Be aware that this request will eliminate students from any public recognition, including placement in extracurricular programs, rosters and team pictures.

PHYSICAL EDUCATION

Students will be permitted two "no participation days" for the duration of the school year. Doctor notes will be accepted and students will be allowed to miss two physical education classes without having any make-up work. Anything beyond the two days, an age appropriate assignment will be given.

SCHOOL PSYCHOLOGICAL SERVICES

Psychological services are provided to the Lucas Local Schools through the Mid-Ohio Educational Service Center. The psychologist works with individual students on a referral basis. The referrals primarily are made by teachers of students experiencing learning and/or adjustment difficulties within the school setting. However, parents may also submit written referrals through the building principal. The results of the psychologist's evaluation are shared with the student's parents and teachers.

The Special Education Resource Room Program is designed to help students with certain defined learning

problems. Students go to the resource room on an as-needed basis to receive specialized assistance from the intervention specialist or the intervention specialist may assist the student within the classroom. The schedule for each child is tailored to his/her individual needs. Each student's Individual Education Plan (IEP) is cooperatively planned by a team which includes, but is not limited to, the child's parents, the principal, guidance counselor, psychologist, intervention specialist, and the classroom teacher.

STAFF

As a parent/guardian of a student at a school receiving funds under Title I of the Elementary and Secondary Education Act, you have the right to request the professional qualifications of the teachers who instruct your child and the paraprofessionals, if any, who assist them. You may request the following information about each of your child's classroom teachers and their paraprofessional assistants, if any:

- Whether the teacher has met State certification requirements;
- Whether the teacher is teaching under an emergency permit or other provisional status by which State licensing criteria have been waived;
- The teacher's college major;

STUDENT RECORDS

Contact Information:

Any change of address, phone number or emergency numbers should be reported to the school office as soon as possible. Please be sure that we have up to date emergency phone numbers in case we cannot reach you at home. It is very helpful if there are relatives or close neighbors that know where to reach you at any time. It is possible that a child's life could depend on us reaching parents quickly.

Custody Papers:

If there is a court order indicating who has custody of a child, then it is the responsibility of the custodial parent/guardian to provide the school with a copy of the court order so that a copy can be placed in the child's permanent file and proper staff members notified. Court orders need

to indicate visitation schedules.

Emergency Medical Forms:

All students must have on file in the office an emergency medical form. This form should be completed and in the office the first week of school. This form should contain the telephone numbers of the student's parents, close relatives, friends or neighbors which we should contact for emergency purposes. If no one can be reached, officials will take the student to the desired doctor or hospital which also needs to be listed on the emergency medical form. It is the responsibility of the parent or guardian to inform the school of a child's specific medical problems.

VOLUNTEERS (Board Policy IICC)

The Board believes one of the greatest resources available may be found in the citizens of the community who have special knowledge and talents to contribute to the District. The use of citizens as volunteers within the school program enhances the educational process not only for students, but for the community as well. Volunteers may provide additional support in the classroom, promote community-school cooperation in facilitating the learning process and provide resource persons who have expertise in various areas.

Recruitment and selection of volunteers is done at the local building level. Interested individuals should contact the building principal or his/her designee. The interests and abilities of the volunteers are considered when making assignments.

All volunteers shall be registered with the District Office and at the appropriate building. Standard procedures for record keeping include hours contributed by various volunteers, types of services or donations made and an application kept on file at the local school for any volunteer who works directly with students, especially in tutorial relationships.

WITHDRAW FROM SCHOOL OR CLASS

Students must obtain a withdrawal form from the Middle School office, or the guidance counselor and notify the middle school principal.
