

# **Student Wellness Funding Plan**

## **Disadvantaged Pupil Impact Aid & Student Wellness and Success Funds**

### **Use of Funds**

These funds will be utilized to provide for needs of all students. At least 50% of these funds will be leveraged to provide a combination of mental health and physical healthcare services.

The district intends provide services related to counseling, nursing, community liason (school resource officer), behavioral support, and professional development to staff

### **Community Partners**

Mid-Ohio Educational Service Center  
Family Life Counseling  
Richland County Sheriff's Department  
EJ Therapy  
Maxim Healthcare Services

### **Impact of Funds**

These funds will provide opportunities to help students eliminate barriers to learning by meeting their social emotional and general wellness needs. By strengthening our staff's knowledge of services and instructional techniques, we anticipate enhanced student growth.

Our quality community partners provide ready access to services for our students. These partnerships will result in a well-rounded support system to promote the education of the whole child. We also anticipate our families developing relationships with our partners, thus providing better access and understanding of support services available to all stakeholders in our community.
