SCHOOL DISTRICT LEGAL STATUS

The United States Constitution grants the individual states responsibility for public education.

The Ohio General Assembly is under mandate by the Ohio Constitution to provide for the organization, administration and control of a public school system supported by public funds. The Ohio Constitution also mandates a State Board of Education (SBOE) and a Superintendent of Public Instruction, the respective powers and duties of which are prescribed by State law.

The Ohio General Assembly has also established a State Department of Education (through which policies and directives of the SBOE and Superintendent of Public Instruction are administered) and has established specific types of school districts.

The Lucas Local School District is classified as a local school district governed by a locally elected Board of Education.

COMMUNITY INVOLVEMENT IN DECISION MAKING

Community participation in the schools is essential to promote and maintain the quality of education for all students.

In addition to electing fellow citizens to represent them on the Board, all citizens may express ideas, concerns and judgments about the schools to the administration, to the staff, to any appointed advisory bodies and ultimately to the Board. Ideas should be addressed to the responsible individual in an appropriate fashion.

Residents may be invited by the Board to act as advisors, individually and in groups, in such areas as:

1. clarifying general ideas and attitudes held by residents in regard to the schools;
2. developing Board policies under which the school system is to be managed;
3. establishing administrative arrangements and regulations designed to help implement these policies;
4. determining the purposes of courses of study and special services to be provided for students;
5. evaluating the extent to which these purposes are being achieved by present policies and/or
6. solving a specific problem or set of closely related problems about which a decision must be made.

The Board gives consideration to the advice it receives from individuals and community groups. Final authority for all decisions rests with the Board.

Federal and State Programs

The Board authorizes and encourages parent and community input into and involvement/participation in activities which are a part of proper implementation of federal and state programs. Such activities as attending parent meetings (building, District and state) and providing input into priority expenditures of allocated funds for all federal and state-funded programs are encouraged.

STAFF INVOLVEMENT IN DECISION MAKING

The District involves the efforts of many people and functions best when all personnel are informed of the major activities and concerns.

There should be an exchange of ideas and pertinent information among all elements of a school district. Problems and unfavorable attitudes develop when employees are denied information essential for the performance of their respective assignments or when they feel that their ideas and concerns are not heard. Morale is enhanced when employees are assured that their voices are heard by those in positions of administrative authority.

A pattern of decision making and problem solving close to the task also contributes to efficiency and high morale.

While all employees have the opportunity to bring their ideas or concerns to the Board, they are expected to proceed through the recognized administrative channels. Final authority for all decisions rests with the Board.

STUDENT INVOLVEMENT IN DECISION MAKING

Students share responsibility for developing a climate in the school which is conducive to learning. Through participation in the decision-making process, students can be an important resource for the improvement of the school, the educational system and the community. Periodically, students may be asked to review school policies, rules and regulations. Final authority for all decisions rests with the Board.

A student may be elected to serve on the Board as a representative for the student body to better facilitate communication between the Board and the students, to increase awareness of the democratic process within the district and to improve the opportunity for participation in the decision-making process.

The student must be a high school student elected by the student body to serve for a one year term.

NONDISCRIMINATION

The Board's policy of nondiscrimination extends to students, staff, job applicants, the general public and individuals with whom it does business and applies to race, color, national origin, citizenship status, religion, sex, economic status, age, disability or military status.

The Board does not permit discriminatory practices and views harassment as a form of discrimination. Harassment is defined as intimidation by threats of or actual physical violence; the creation, by whatever means including the use of electronic communications devices, of a climate of hostility or intimidation; or the use of language, conduct or symbols in such a manner as to be commonly understood to convey hatred, contempt or prejudice or to have the effect of insulting or stigmatizing an individual.

Employees or students who engage in discrimination of another employee or student shall be subject to disciplinary action.

Permission, consent or assumption of risk by an individual subjected to discrimination does not lessen the prohibition contained in this policy.

No one shall retaliate against an employee or student because he/she files a grievance; assists or participates in an investigation, proceeding or hearing regarding the charge of discrimination of an individual; or because he/she has opposed language or conduct that violates this policy.

The Board designates the following individual to serve as the District's compliance officer/civil rights coordinator:

Title: _____
Address: _____
Phone number: _____
Email: _____

The name, title, and contact information of this individual is annually published in District handbooks and on the District website. The Board has adopted separate policies and procedures for sexual harassment, including the identification of a Title IX Coordinator. All sexual harassment reports must be managed in accordance with the sexual harassment policy and procedure.

The compliance officer is responsible for coordinating the District's efforts to comply with applicable Federal and State laws and regulations, including the District's duty to address any inquiries or complaints regarding discrimination/retaliation or denial of equal access in a prompt and equitable manner.

Reports and Complaints of Unlawful Discrimination/Harassment

All persons associated with the District, including, but not limited to, the Board, administration, staff, students and third parties are encouraged to promptly report incidents of unlawful discrimination/harassment.

The Board has developed complaint procedures, which are made available to every member of the school community. The Board also has identified disciplinary penalties, which may be imposed on the offender(s).

Matters, including the identity of both the charging party and the accused, are kept confidential to the extent possible.

NONDISCRIMINATION ON THE BASIS OF SEX

The U.S. Department of Education has published regulations for implementing Title IX of the Education Amendments of 1972, which prohibits sex discrimination in federally assisted education programs.

Title IX states, in part: “No person in the United States shall, on the basis of sex, be excluded from participation in, be denied the benefits of or be subjected to discrimination under any education program or activity receiving federal financial assistance.”

The Board ensures compliance with Title IX of the Education Amendments of 1972, Title VI of the Civil Rights Act of 1964 and the regulations promulgated through the U.S. Department of Education.

SEXUAL HARASSMENT

The District does not discriminate on the basis of sex in any education program or activity that it operates, including admission and employment. The District is required by Title IX of the Education Amendments of 1972 and the regulations promulgated through the U.S. Department of Education not to discriminate in such a manner. Inquiries about the application of Title IX to the District may be referred to the District's Title IX Coordinator, to the Assistant Secretary for Civil Rights of the Department of Education, or both.

The Board designates the following individual to serve as the District's Title IX Coordinator:

Title: Dr. James Metcalf, HS Principal
Office address: 5 First Avenue, Lucas, OH 44843
Email: metcalf.jime@lucascubs.org
Phone number: 419-892-2338 ext 21305

Any person may report sex discrimination, including sexual harassment, at any time, including during non-business hours. Such a report may be made in person, by mail, by telephone or by electronic mail, using the contact information listed for the Title IX Coordinator, or by any other means that results in the Title IX Coordinator receiving the person's verbal or written report.

For purposes of this policy and the grievance process, "sexual harassment" means conduct on the basis of sex that satisfies one or more of the following:

1. A District employee conditioning the provision of an aid, benefit, or service of the District on an individual's participation in unwelcome sexual conduct;
2. Unwelcome conduct determined by a reasonable person to be so severe, pervasive and objectively offensive that it effectively denies a person equal access to the District's education program or activity or
3. "Sexual assault" as defined in 20 USC 1092(f)(6)(A)(v), "dating violence" as defined in 34 USC 12291(a)(10), "domestic violence" as defined in 34 USC 12291(a)(8) or "stalking" as defined in 34 USC 12291(a)(30).

When the harassment or discrimination on the basis of sex does not meet the definition of sexual harassment, the Title IX Coordinator directs the individual to the applicable sex discrimination process for investigation.

Retaliation Prohibited

The District prohibits intimidation, threats, coercion or discrimination against any individual for the purpose of interfering with any right or privilege secured by Title IX or this policy, or because the individual has made a report or complaint, testified, assisted, or participated or refused to participate in any manner in an investigation proceeding or hearing, if applicable. Intimidation, threats, coercion, or discrimination, including charges against an individual for code of conduct violations that do not involve sex discrimination or sexual harassment, but arise out of the same facts or circumstances as a report or complaint of sex discrimination, or a report or formal complaint of sexual harassment, for the purpose of interfering with any right or privilege secured by Title IX or this part, constitutes retaliation. It is not considered retaliation if the District imposes a punishment under a zero-tolerance policy that always imposes the same punishment for conduct regardless of the circumstances.

Confidentiality

The District must keep confidential the identity of any individual who has made a report or complaint of sex discrimination, including any individual who has made a report or filed a formal complaint of sexual harassment, any individual who has been alleged to be the victim or perpetrator of conduct that could constitute sexual harassment, and any witness, except as may be permitted by Family Educational Rights and Privacy Act (FERPA) or as required by law, or to carry out the purposes of the Title IX regulations, including the conduct of any investigation, hearing or judicial proceeding arising thereunder.

Notice Requirements

The District provides notice to applicants for admission and employment, students, parents or legal guardians of elementary and secondary school students, employees and the union(s) with the name or title, office address, email address and telephone number of the Title IX Coordinator and notice of the District grievance procedures and process, including how to report or file a complaint of sex discrimination, how to file a formal complaint of sexual harassment and how the District will respond. The District also posts the Title IX Coordinator's contact information and Title IX policies and procedures in a prominent location on the District website and in all handbooks made available by the District.

Training Requirements

The District ensures that Title IX Coordinators, investigators, decision-makers, and any person who facilitates an informal resolution process, receives training on the definition of sexual harassment, the scope of the District's education program or activity, how to conduct an investigation and grievance process including hearings, appeals and informal resolution processes, when applicable, and how to serve impartially including by avoiding prejudgment of the facts at issue, conflicts of interest and bias. The District also ensures that decision-makers and investigators receive training on issues of relevance of questions and evidence, including when questions and evidence about the complainant's sexual predisposition or prior sexual

behavior are not relevant as set forth in the formal procedures that follow, and training on any technology to be used at a live hearing, if applicable. Investigators also receive training on issues of relevance to create an investigative report that fairly summarizes relevant evidence. All materials used to train individuals who receive training under this section must not rely on sex stereotypes and must promote impartial investigations and adjudications of formal complaints of sexual harassment and are made publicly available on the District's website.

Conflict of Interest and Bias

The District ensures that Title IX Coordinators, investigators, decision-makers, and any person who facilitates an informal resolution process do not have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent.

Determination of Responsibility

The individual who has been reported to be the perpetrator of conduct that could constitute sexual harassment is presumed not responsible for alleged conduct. A determination regarding responsibility will be made by the decision-maker at the conclusion of the investigation in accordance with the process outlined in the accompanying regulation. No disciplinary sanctions will be imposed unless and until a final determination of responsibility is reached.

SEXUAL HARASSMENT GRIEVANCE PROCESS

The Board requires the following grievance process to be followed for the prompt and equitable resolution of student and employee complaints alleging any action that would be prohibited as sexual harassment by Title IX. The Board directs the process to be published in accordance with all statutory and regulatory requirements.

Definitions

The following definitions apply for Title IX policies and procedures:

“Actual knowledge:” notice of sexual harassment or allegations of sexual harassment to the District’s Title IX Coordinator or any official of the District who has authority to institute corrective measures on behalf of the District, or to any employee of an elementary or secondary school.

“Education program or activity:” includes locations, events or circumstances over which the District exercised substantial control over both the individual who has been reported to be the perpetrator of conduct that could constitute sexual harassment, and the context in which the sexual harassment occurs.

“Complainant:” an individual who is alleged to be the victim of conduct that could constitute sexual harassment.

“Respondent:” an individual who has been reported to be the perpetrator of conduct that could constitute sexual harassment.

“Formal complaint:” a document filed by a Complainant or signed by the Title IX Coordinator alleging sexual harassment against a Respondent and requesting that the District investigate the allegation of sexual harassment.

“Supportive measures:” non-disciplinary, non-punitive individualized services offered as appropriate, as reasonably available and without fee or charge to the Complainant or Respondent before or after the filing of a formal complaint or where no formal complaint has been filed.

District Requirements

When the District has actual knowledge of sexual harassment in an education program or activity of the District, the District will respond promptly in a manner that is not deliberately indifferent. When the harassment or discrimination on the basis of sex does not meet the definition of sexual harassment, the Title IX Coordinator will direct the individual to the applicable sex discrimination process for investigation.

The District treats individuals who are alleged to be the victim (Complainant) and perpetrator (Respondent) of conduct that could constitute sexual harassment equitably by offering supportive measures. Supportive measures are designed to restore or preserve equal access to the District's education program or activity without unreasonably burdening the other party, including measures designed to protect the safety of all parties or the District's educational environment, or deter sexual harassment. Supportive measures are offered on a temporary basis and may include counseling, extensions of deadlines or other course-related adjustments, modifications of work or class schedules, mutual restrictions on contact between the parties, leaves of absence, increased security and monitoring of certain areas of the District's property, campus escort services, changes in work locations and other similar measures. The District has discretion and flexibility to determine which supportive measures are appropriate.

The Title IX Coordinator is responsible for coordinating the effective implementation of supportive measures. Upon the receipt of a complaint, the Title IX Coordinator must promptly contact the Complainant to discuss the availability of supportive measures, consider the Complainant's wishes with respect to supportive measures, inform the Complainant of the availability of supportive measures with or without the filing of a formal complaint, and explain to the Complainant the process for filing a formal complaint. If the District does not provide the Complainant with supportive measures, then the District must document the reasons why such a response was not clearly unreasonable in light of the known circumstances. The Title IX Coordinator will respect the Complainant's wishes with respect to whether to file a formal complaint unless the Title IX Coordinator determines it is necessary to pursue the complaint in light of a health or safety concern for the District.

Timelines

The District has established reasonably prompt time frames for the conclusion of the grievance process, including time frames for filing and resolving appeals and informal resolution processes. The grievance process may be temporarily delayed or extended for good cause. Good cause may include considerations such as the absence of a party, a party's advisor, or a witness; concurrent law enforcement activity; or the need for language assistance or accommodation of disabilities. In the event the grievance process is temporarily delayed for good cause, the District will provide written notice to the Complainant and the Respondent of the delay or extension and the reasons for the action.

Response to a Formal Complaint

At the time of filing a formal complaint, a Complainant must be participating in or attempting to participate in the education program or activity of the District with which the formal complaint is filed. A formal complaint may be filed with the Title IX Coordinator in person, by mail, by electronic mail, or other means designated by the District.

The District must follow the formal complaint process before the imposition of any disciplinary sanctions or other actions that are not supportive measures. However, nothing in this policy precludes the District from removing a Respondent from the District's education program or activity on an emergency basis, provided that the District undertakes an individualized safety and risk analysis, determines that an immediate threat to the physical health or safety of any student

or other individual arising from the allegations of sexual harassment justifies removal, and provides the Respondent with notice and an opportunity to challenge the decision immediately following the removal. Nor does it preclude the District from placing a non-student employee Respondent on administrative leave during the pendency of the grievance process. This provision may not be construed to modify any rights under the Individuals with Disabilities Education Act, Section 504 of the Rehabilitation Act of 1973, or the Americans with Disabilities Act.

Upon receipt of a formal complaint, the District must provide written notice to the known parties including:

1. Notice of the allegations of sexual harassment, including information about the identities of the parties involved in the incident, the conduct allegedly constituting sexual harassment, the date and location of the alleged incident, and any sufficient details known at the time. Such notice must be provided with sufficient time to prepare a response before any initial interview;
2. An explanation of the District's investigation procedures, including any informal resolution process;
3. A statement that the Respondent is presumed not responsible for the alleged conduct and that a determination regarding responsibility will be made by the decision-maker at the conclusion of the investigation;
4. Notice to the parties that they may have an advisor of their choice who may be, but is not required to be, an attorney, and may inspect and review any evidence and
5. Notice to the parties of any provision in the District's code of conduct or policy that prohibits knowingly making false statements or knowingly submitting false information.

If, in the course of an investigation, the District decides to investigate allegations about the Complainant or Respondent that are not included in the notice initially provided, notice of the additional allegations must be provided to known parties.

The District may consolidate formal complaints as to allegations of sexual harassment against more than one Respondent, or by more than one Complainant against one or more Respondents, or by one party against the other party, where the allegations of sexual harassment arise out of the same facts or circumstances.

Investigation of a Formal Complaint

When investigating a formal complaint and throughout the grievance process, the District must:

1. Ensure that the burden of proof and the burden of gathering evidence sufficient to reach a determination regarding responsibility rests on the District and not the parties';

2. Provide an equal opportunity for the parties to present witnesses and evidence;
3. Not restrict either party's ability to discuss the allegations under investigation or to gather and present relevant evidence;
4. Allow the parties to be accompanied with an advisor of the party's choice who may be, but is not required to be, an attorney. The District may establish restrictions regarding the extent to which the advisor may participate in the proceedings, as long as the restrictions apply equally to both parties;
5. Provide written notice of the date, time, location, participants, and purpose of any interview or meeting at which a party is expected to participate, with sufficient time for the party to prepare to participate;
6. Provide the parties equal access to review all the evidence collected which is directly related to the allegations raised in a formal complaint and comply with the review periods outlined in this process;
7. Objectively evaluate all relevant evidence without relying on sex stereotypes;
8. Ensure that Title IX Coordinators, investigators, decision-makers and individuals who facilitate an informal resolution process, do not have a conflict of interest or bias for or against Complainants or Respondents generally or an individual Complainant or Respondent;
9. Not make creditability determinations based on the individual's status as Complainant, Respondent or witness;
10. Not use questions or evidence that constitute or seek disclosure of privileged information unless waived.

Dismissal of Formal Complaints

If the conduct alleged in the formal complaint would not constitute sexual harassment even if proved, did not occur in the District's education program or activity, or did not occur against a person in the United States, then the District must dismiss the formal complaint with regard to that conduct for purposes of sexual harassment under this policy.

The Title IX Coordinator also may dismiss the formal complaint or any allegations therein at any time during the investigation or hearing, if applicable, when any of the following apply:

1. a Complainant provides written notification to the Title IX Coordinator that the Complainant would like to withdraw the formal complaint or any allegations therein;

2. the Respondent is no longer enrolled or employed by the District or
3. specific circumstances prevent the District from gathering evidence sufficient to reach a determination as to the formal complaint or allegations therein.

Upon dismissal, the Title IX Coordinator promptly sends written notice of the dismissal and the reasons for dismissal simultaneously to both parties.

Evidence Review

The District provides both parties an equal opportunity to inspect and review any evidence obtained as part of the investigation so that each party can meaningfully respond to the evidence prior to the conclusion of the investigation. The evidence provided by the District must include evidence that is directly related to the allegations in the formal complaint, evidence upon which the District does not intend to rely in reaching a determination regarding responsibility, and any inculpatory or exculpatory evidence whether obtained from a party or other source. Prior to completion of the investigative report, the Title IX Coordinator must send to each party and the party's advisor, if any, the evidence subject to inspection and review in an electronic format or a hard copy. The parties have 10 calendar days to submit a written response to the Title IX Coordinator, which the investigator will consider prior to completion of the investigative report.

Investigative Report

The investigator must prepare an investigative report that fairly summarizes relevant evidence and send the report to the Title IX Coordinator. The Title IX Coordinator must send to each party and the party's advisor, if any, the investigative report in an electronic format or a hard copy, for their review and written response. The parties have 10 calendar days to submit a written response to the Title IX Coordinator.

Decision-Maker's Determination

The investigative report is submitted to the decision-maker. The decision-maker cannot be the same person(s) as the Title IX Coordinator or the investigator. The decision-maker cannot hold a hearing or make a determination regarding responsibility until 10 calendar days from the date the Complainant and Respondent receive the investigator's report.

Prior to reaching a determination regarding responsibility, the decision-maker must afford each party the opportunity to submit written, relevant questions that a party wants asked of any party or witness, provide each party with the answers, and allow for additional, limited follow-up questions from each party. Questions and evidence about the Complainant's sexual predisposition or prior sexual behavior are not relevant, unless such questions and evidence about the Complainant's prior sexual behavior are offered to prove that someone other than the Respondent committed the conduct alleged by the Complainant, or if the questions and evidence concern specific incidents of the Complainant's prior sexual behavior with respect to the Respondent and are offered to prove consent. Questions must be submitted to the Title IX Coordinator within three calendar days from the date the Complainant and Respondent receive the investigator's report.

The decision-maker must issue a written determination regarding responsibility based on a preponderance of the evidence standard. The decision-maker's written determination must:

1. Identify the allegations potentially constituting sexual harassment;
2. Describe the procedural steps taken, including any notifications to the parties, interviews with parties and witnesses, site visits, methods used to gather evidence, and hearings held;
3. Include the findings of fact supporting the determination;
4. Draw conclusions regarding the application of any District policies and/or code of conduct rules to the facts;
5. Address each allegation and a resolution of the complaint including a determination regarding responsibility, the rationale therefor, any recommended disciplinary sanction(s) imposed on the Respondent, and whether remedies designed to restore or preserve access to the educational program or activity will be provided by the District to the Complainant and
6. The procedures and permissible bases for the Complainant and/or Respondent to appeal the determination.

A copy of the written determination must be provided to both parties simultaneously, and generally will be provided within 60 calendar days from the District's receipt of a formal complaint.

The determination regarding responsibility becomes final either on the date that the District provides the parties with the written determination of the result of the appeal, if an appeal is filed, or if an appeal is not filed, the date on which an appeal would no longer be considered timely.

Where a determination of responsibility for sexual harassment has been made against the Respondent, the District will provide remedies to the Complainant that are designed to restore or preserve equal access to the District's education program or activity. Such remedies may include supportive measures; however, remedies need not be non-disciplinary or non-punitive and need not avoid burdening the Respondent. The Title IX Coordinator is responsible for effective implementation of any remedies. Following any determination of responsibility, the District may implement disciplinary sanctions in accordance with State or Federal law and or/the negotiated agreement. For students, the sanctions may include disciplinary action, up to and including permanent exclusion. For employees, the sanctions may include any form of responsive discipline, up to and including termination.

Appeals

Either the Complainant or Respondent may appeal the decision-maker's determination regarding responsibility or a dismissal of a formal complaint, on the following bases:

1. Procedural irregularity that affected the outcome of the matter;
2. New evidence that was not reasonably available at the time that could affect the outcome and
3. The Title IX Coordinator, investigator, or decision-maker had a conflict of interest or bias for or against Complainants or Respondents generally or an individual Complainant or Respondent that affected the outcome.

The request to appeal must be made in writing to the Title IX Coordinator within seven calendar days after the date of the written determination. The appeal decision-maker must not have a conflict of interest or bias for or against Complainants or Respondents generally or an individual Complainant or Respondent and cannot be the Title IX Coordinator, the investigator, or the decision-maker from the original determination.

The appeal decision-maker must notify the other party in writing when an appeal is filed and give both parties a reasonable equal opportunity to submit a written statement in support of, or challenging, the outcome. After reviewing the evidence, the appeal decision-maker must issue a written decision describing the result of the appeal and the rationale for the result. The decision must be provided to both parties simultaneously, and generally will be provided within 10 calendar days from the date the appeal is filed.

Informal resolution process

Except when concerning allegations that an employee sexually harassed a student, at any time during the formal complaint process and prior to reaching a determination regarding responsibility, the District may facilitate an informal resolution process, such as mediation, that does not involve a full investigation and determination of responsibility, provided that the District:

1. Provides to the parties a written notice disclosing:
 - A. The allegations;
 - B. The requirements of the informal resolution process including the circumstances under which it precludes the parties from resuming a formal complaint arising from the same allegations, provided, however, that at any time prior to agreeing to a resolution, any party has the right to withdraw from the informal resolution process and resume the Title IX formal complaint process with respect to the formal complaint and
 - C. Any consequences resulting from participating in the informal resolution process, including the records that will be maintained or could be shared.
2. Obtains the parties' voluntary, written consent to the informal resolution process.

The informal resolution process generally will be completed within 30 calendar days, unless the parties and the Title IX Coordinator mutually agree to temporarily delay or extend the process. The formal grievance process timelines are stayed during the parties' participation in the informal resolution process. If the parties do not reach resolution through the informal resolution process, the parties will resume the formal complaint grievance process, including timelines for resolution, at the point they left off.

Recordkeeping

The District must maintain for a period of seven years records of:

1. Each sexual harassment investigation, including any determination regarding responsibility, any disciplinary sanctions imposed on the Respondent, and any remedies provided to the Complainant designed to restore or preserve equal access to the District's education program or activity;

2. Any appeal and the result therefrom;
3. Any informal resolution and the result therefrom and
4. All materials used to train Title IX Coordinators, investigators, decision-makers, and any person who facilitates an informal resolution process. The District must make these training materials publicly available on its website.

The District must create, and maintain for a period of seven years, records of any actions, including any supportive measures, taken in response to a report or formal complaint of sexual harassment. In each instance, the District must document the basis for its conclusion that its response was not deliberately indifferent, and document that it has taken measures designed to restore or preserve equal access to the District's education program or activity.

NONDISCRIMINATION ON THE BASIS OF DISABILITY

The Board maintains that discrimination against a qualified person with a disability solely on the basis of disability is unfair. To the extent possible, a qualified person with a disability should be in the mainstream of life in a school community. In addition, the District is the recipient of federal funds and therefore must be in compliance with all laws and regulations which deal with disabled individuals.

Accordingly, employees of the District comply with the law and Board policy to ensure nondiscrimination on the basis of disability. The following is expected.

1. No one discriminates against qualified persons with a disability in any aspect of school employment solely on the basis of disability.
2. Facilities, programs and activities are made available to qualified persons with a disability.
3. Free appropriate public education at elementary and secondary levels, including nonacademic and extracurricular services and activities, are provided to qualified persons with a disability.
4. No one excludes any qualified person with a disability, solely on the basis of disability, from participation in any preschool education, day care, adult education or career technical education program.
5. Each qualified person with a disability is provided with the same health, welfare and other social services, which are provided to others.

Designation of Responsible Employee

The Board shall designate an individual as the responsible employee to coordinate District compliance with Section 504 of the Rehabilitation Act and its administrative regulations and with the Americans with Disabilities Act.

The designee, the District's Section 504 compliance officer, shall formulate procedures for carrying out the policies in this statement and shall be responsible for continuing surveillance of District educational programs and activities with regard to compliance with Section 504 and its administrative regulations.

The designee shall, upon adoption of this policy and once each academic year thereafter, notify all students and employees of the District of the name, office, address and telephone number of the Section 504 compliance officer. Notifications shall be by posting and/or other means sufficient to reasonably advise all students and employees.

Grievance Procedure

Any student or employee shall have a ready means of resolving any claim of discrimination on the basis of handicap in the educational programs or activities of the District. To this end the following policy is adopted.

In the event a student or an employee believes that there has been a violation of Section 504 or its administrative regulations, he/she shall mail or deliver to the employee designated as Section 504 compliance officer a written statement setting out the alleged violations in specific terms, describing the incident or activity involved, the individuals involved and the dates, times and locations involved.

The Section 504 compliance officer shall provide the individual filing the written statement an opportunity to discuss the matter personally, if requested.

The Section 504 compliance officer shall make such additional investigation as is necessary to determine the complete facts involved and shall report to the Superintendent his/her finding and recommendations regarding resolution of the matter. The matter shall be reported to the Board at its next regular meeting for its review and action if it deems further action necessary.

If the student or employee submitting the written statement of an alleged violation is not satisfied with the handling of the matter by the Superintendent, he/she may appear before the Board and present the matter directly to the Board.

Dissemination of Policy

The Superintendent shall notify applicants for admission, students, parents of elementary and secondary school students, sources of referral of applicants for admission, employees and applicants for employment that it does not discriminate on the basis of handicap in the educational programs for activities which it operates and that it is required by Section 504 and its administrative regulations not to discriminate in such a manner. The notification shall be made in the form and manner required by law or regulation.

DEVELOPMENT OF PHILOSOPHY OF EDUCATION

The Board's philosophy of education gives direction to the educational program and daily operations of the District.

Periodically, the policy committee of the Board and the Superintendent evaluate the philosophy of education. Suggestions from both the staff and community are considered.

The committee revises or confirms the existing philosophy or writes a new statement of philosophy. The committee presents its recommendation regarding a philosophy of education to the Board for adoption or re-adoption.

All building and course of study philosophies reflect and extend the Board's philosophy. The Superintendent disseminates the Board's philosophy of education to all staff members and directs that it be published in all handbooks.

COMMITMENT TO ACCOMPLISHMENT

Evaluation of District operations is a chief responsibility of the Board, and is the only means of learning whether the educational goals adopted are being achieved.

The evaluation program may include but is not limited to:

1. curriculum and instruction;
2. students, dropouts, and graduates;
3. school personnel;
4. buildings and equipment;
5. business operations and
6. operations of the Board.

Appraising the success of the instructional program is particularly important. Only through an awareness of the strengths and shortcomings of the program can the Board and the Superintendent have a sound basis for making improvements. The improvements will be made by the Superintendent through the implementation of policies adopted by the Board.

In appraising, the Board needs to evaluate its own actions as well as the efforts and accomplishments of the Superintendent and Treasurer.

The Board will make evaluation of its operations a continuing process so that it will stay abreast of accomplishments and needs.

The Board will annually:

1. assess the District's operations and achievement of goals by information gathered from the Superintendent and Treasurer;
2. evaluate the Superintendent and Treasurer according to job descriptions and Board expectations and
3. evaluate itself according to its established goals and purposes.

EVALUATION OF SCHOOL BOARD OPERATIONAL PROCEDURES

Boards of education expect a high level of performance from those who are employed to run the schools. Stakeholders also expect a high level of performance from those who are elected to govern the schools.

Ultimately, the performance of an individual Board member is measured at election time. However, that is not enough. Each Board should set aside some time on a regular basis to compare individual assessments of how well the governing body is functioning. The assessment or scoring system is not important. What is important is for the Board to establish a plan to regularly analyze its method of operation. The results of evaluation should be used in setting goals for improved operations in the future.

SELF-EVALUATION INSTRUMENT

Using the numbering system below, rate each item: 1 – ineffective; 2 – somewhat ineffective; 3 – somewhat effective; 4 – effective; 5 – highly effectively.

Board Meetings - Official action can be taken only when the Board is in session. Therefore, each meeting must be organized for maximum efficiency.

<u>1</u>	<u>2</u>	<u>3</u>	<u>4</u>	<u>5</u>	The Board of Education:
_____	_____	_____	_____	_____	reads agenda and background materials well in advance of meeting.
_____	_____	_____	_____	_____	makes public feel welcome; provides agenda, minutes and related materials.

_____	_____	_____	_____	_____	demonstrates knowledge and use of good parliamentary procedure.

_____	_____	_____	_____	_____	selects officers on basis of ability.
_____	_____	_____	_____	_____	has procedure for submitting agenda items.

Board-Community Relations - The schools belong to the people. As elected officials, Board members have the responsibility to be representative, to be responsive and to be effective as agents of change. The Board of Education:

_____	_____	_____	_____	_____	actively seeks input from community in establishing goals and objectives.
_____	_____	_____	_____	_____	gives full support and cooperation to PTA and other parent and community organizations with student-centered missions.

EVALUATION OF PROFESSIONAL STAFF (Ohio Teacher Evaluation System)

A determination of the efficiency and effectiveness of the teaching staff is a critical factor in the overall operation of the District. The Board evaluates teachers in accordance with State law and the standards-based statewide teacher evaluation framework adopted by the State Board of Education (SBOE).

Notwithstanding Ohio Revised Code Section (RC) 3319.09, this policy applies to any person employed under a teacher license issued under RC 3319, or under a professional or permanent teacher's certificate issued under former RC 3319.222, and who spends at least 50% of the time employed providing content-related student instruction. This teacher evaluation policy does not apply to substitute teachers or instructors of adult education.

The Board directs the Superintendent/designee to implement this policy in accordance with State law. This policy has been developed in consultation with teachers employed by the Board. This policy becomes effective at the expiration of any collective bargaining agreement covering teachers employed by the Board that was in effect on November 2, 2018 and must be included in any renewal or extension.

The District will follow policies and procedures in place during the 2019-2020 school year for the 2020-2021 school year and will implement this policy beginning with the 2021-2022 school year.

Credentialed Evaluators

Evaluations carried out under this policy are conducted by persons holding evaluator credentials established by the Ohio Department of Education (ODE).

Final Holistic Rating and Evaluation Cycle

Teachers are assigned a final holistic rating of Accomplished, Skilled, Developing or Ineffective. This rating will be based on a combination of informal and formal observations and supporting evidence using the Teacher Evaluation Rubric.

Annually, the Board submits to the ODE the number of teachers assigned a final holistic rating, aggregated by the teacher preparation programs from which, and the years in which, the teachers graduated. The name of, or any personally identifiable information about, any teacher reported in compliance with this provision cannot be required.

The full evaluation cycle includes:

- Professional Growth/Improvement Plan;
- One formal holistic observation, followed by a conference;
- At least two classroom walkthroughs – with an emphasis on identified focus area(s) when applicable;
- One formal focused observation – with an emphasis on identified focus area(s) and
- One final summative conference.

The teacher performance measure of the evaluation cycle is aligned with the following Ohio Standards for the Teaching Profession:

- Understand student learning and development, respect student diversity and hold high expectations for all students to achieve and progress at high levels;
- Understand the content areas for which they have instructional responsibility;
- Understand and use varied assessments to inform instruction and evaluate and ensure student learning;
- Plan and deliver effective instruction that advances the learning of each student;
- Create learning environments that promote high levels of learning and achievement for all students;
- Collaborate and communicate with students, parents, other teachers, administrators and the community to support student learning and
- Assume responsibility for professional growth and performance as an individual and as a member of a learning community.

The Superintendent/designee selects/develops evaluation tools to calculate teacher performance. The Board directs the Superintendent/designee to develop procedures for these evaluation tools.

Teachers, who are on limited or extended limited contracts pursuant to State law and under consideration for nonrenewal, receive at least three formal observations during the evaluation cycle.

All teacher evaluations are completed by May 1. Teachers evaluated under this policy are provided with a written copy of their evaluation results by May 10.

The Board evaluates teachers receiving effectiveness ratings of Accomplished on those teachers' most recent evaluations every three years, provided the teacher submits a self-directed Professional Growth Plan and the evaluator determines the teacher is making progress on that plan. Such evaluations are completed by May 1 of the evaluation year. Teachers evaluated on this basis are provided a written copy of their evaluation results by May 10 of the evaluation year. In years when an evaluation will not take place, one observation is carried out and at least one conference with the teacher is held.

The Board evaluates teachers receiving effectiveness ratings of Skilled on those teachers' most recent evaluations every two years, provided the teacher and evaluator jointly develop a Professional Growth Plan and the evaluator determines the teacher is making progress on that plan. Biennial evaluations conducted under this policy are completed by May 1 of the evaluation year. Teachers evaluated on a biennial basis are provided a written copy of their evaluation results by May 10 of the evaluation year. In years when an evaluation will not take place, one observation is carried out and at least one conference with the teacher is held.

High-Quality Student Data

High-quality student data (HQSD) is used to guide instructional decisions and meet student learning needs. HQSD used must be rigorously reviewed by locally determined experts in the field of education to meet all of the following criteria:

- Align to learning standards;
- Measure what is intended to be measured;
- Be attributable to a specific teacher for course(s) and grade level(s) taught;
- Demonstrate evidence of student learning (achievement and/or growth);
- Follow protocols for administration and scoring;
- Provide trustworthy results and
- Not offend or be driven by bias.

AND the teachers must use the data generated from the HQSD data instrument by:

- Critically reflecting upon and analyzing available data, using the information as part of an ongoing cycle of support for student learning;
- Considering student learning needs and styles, identifying the strengths and weaknesses of an entire class, as well as individual students;
- Informing instruction and adapting instruction to meet student need based upon the information gained from the data analysis and
- Measuring student learning (achievement and/or growth) and progress towards achieving state and local standards.

Evaluations use at least two measures of HQSD to provide evidence of student learning attributable to the teacher being evaluated when required.

When applicable to the grade level or subject area taught by a teacher, HQSD includes the value-added progress dimension established under RC 3302.021, except when otherwise prohibited by law.

HQSD may be used as evidence in any component of the evaluation where applicable.

Data from ODE vendor approved assessments may be considered HQSD.

The use of shared attribution measures or student learning objectives is prohibited.

Professional Growth and Improvement Plans

Each teacher must develop a Professional Growth or Improvement Plan based on the results of their most recent evaluation. These plans are to be developed annually and must be based on the results of the evaluation and aligned to any existing district or building improvement plan.

Teachers with a final holistic rating of Accomplished must develop a self-directed Professional Growth Plan.

Teachers with a final holistic rating of Skilled must develop a Professional Growth Plan working jointly with the credentialed evaluator.

Teachers with a final holistic rating of Developing must develop a Professional Growth Plan that is guided by their assigned credentialed evaluators.

Teachers with a final summative rating of Ineffective will be placed on an Improvement Plan developed by the assigned credentialed evaluators.

Retention and Promotion

The Board uses evaluation results for retention and promotion decisions. The Board adopts procedures for use in making retention and promotion decisions based on evaluation results.

Seniority shall not be the basis for making retention decisions, except when choosing between teachers who have comparable evaluations.

Poorly Performing Teachers

The Board uses evaluation results for removing poorly performing teachers. The Board adopts procedures for removing poorly performing teachers based on evaluation results.

Professional Development

The Board allocates financial resources to support professional development in compliance with State law and the SBOE's evaluation framework.

EVALUATION OF PROFESSIONAL STAFF
(Administrators Both Professional and Support)

INSERT NEW

The Superintendent institutes and maintains a comprehensive program for the evaluation of administrative personnel. Administrative personnel are all persons issued contracts in accordance with the Ohio Revised Code. , including the following: assistant superintendents, business managers, principals, assistant principals and all other personnel required to maintain certificates/licenses in order to be employed as pupil-personnel workers and educational administrative specialists (provided that such person spends less than 50% of his/her time teaching or working with students) and any other employee whose duties enable him/her to be considered either a "supervisor" or "management-level employee" excluded from all of the employee bargaining units. In addition, evaluations should assist administrators in developing their professional abilities in order to increase the effectiveness of District management.

The purpose of administrator evaluations is to assess the performance of administrators, to provide information upon which to base employment and personnel decisions and to comply with the requirements-of State law. All administrators are evaluated annually. In the year an administrator's contract does not expire, the evaluation is completed by the end of the contract year, and a copy is given to the administrator.

The final evaluation includes the Superintendent's intended recommendation for the contract of the employee. A written copy of the final evaluation must be provided to the employee at least five days prior to the Board's action to renew or nonrenew the employee's contract. The employee may request a meeting with the Board prior to any Board action on his/her contract. The employee may have a representative of his/her choice at the meeting.

The evaluation measures the administrator's effectiveness in performing the duties included in his/her written job description and the specific objectives and plans developed in consultation with the Superintendent. The evaluations are conducted annually by the Superintendent/designee.

Evaluation criteria for each position are in written form and are made available to the administrator. The results of the evaluations are kept in personnel records maintained in the central office. The evaluated administrator has the right to attach a memorandum to the written evaluation. Evaluation documents, as well as information relating thereto, are accessible to each evaluatee and/or his/her representative.

Ohio Principal Evaluation System (OPES)

Procedures for evaluating principals and assistant principals are based on principles comparable to the Ohio Teacher Evaluation System, but are tailored to the duties and responsibilities of principals and assistant principals and the environment in which they work. Principals and assistant principals are evaluated under the above system, with the inclusion of the following components.

Principals and assistant principals are assigned an effectiveness rating of Accomplished, Skilled, Developing or Ineffective. This rating will be determined based on 50% measures of principal or assistant principal performance and 50% student growth measures. Student academic growth is determined through multiple measures.

Principals and assistant principals are evaluated via two formal observations and periodic building walk-throughs. The 50% principal and assistant principal performance measure is based on the Ohio Standards for Principals. Proficiency on the standards includes consideration of professional goal setting, communication and professionalism, and skills and knowledge.

Student academic growth is evaluated by a combination of: (1) Value-added data; (2) ODE-approved assessments and/or (3) Board-determined measures. When available, value-added data shall be included in the multiple measures used to evaluate student growth.

The principal's performance rating is combined with the results of student growth measures to produce a summative evaluation rating according to ODE requirements.

The Superintendent/designee evaluates all principals and assistant principals annually. Annual evaluations include two formal observations at least 30 minutes each and periodic building walk-throughs.

The Board allocates financial resources to support professional development in compliance with State law and the State Board of Education's evaluation framework.

EVALUATION OF PROFESSIONAL STAFF
(Administrators Both Professional and Support)

Application

This policy shall apply to all persons employed by the Board in a position requiring licensure as an administrator. This definition excludes school counselors but includes professional pupil services personnel and administrative specialists who spend less than 50% of their time teaching or otherwise working directly in the presence of students.

This policy shall also apply to all persons employed in positions not requiring administrative licensure, but whose job duties enable them to be considered either a “supervisor” or “management level employee” as defined in Section 4117.01 of the Ohio Revised Code.

Procedures

1. General Requirements

The Superintendent shall implement a program of regular evaluation for all administrative personnel which includes the following elements.

- A. The evaluation process shall fairly attempt to measure the administrator’s effectiveness in performing the duties set forth in his/her job description.
- B. A written evaluation document shall be produced for each evaluation.
- C. Each administrator shall be evaluated at least once annually and at least twice in the year of contract expiration.
- D. The evaluation shall be conducted by the Superintendent or his/her designee (such designation may be oral or in writing).
- E. Prior to the Board’s consideration of contract renewal or nonrenewal, the Superintendent shall review the results of the evaluation process with the Board.

2. Evaluation Instruments

The Superintendent may, in his/her discretion, utilize a single evaluation instrument for all administrative positions, instruments particularized for each position, or a combination of both types of instruments.

Evaluation instruments shall be developed and/or utilized by the Superintendent as he/she may determine in his/her best professional judgment, and may be modified from time to time by the Superintendent in the exercise of such professional judgment. Specific Board approval of the evaluation instrument(s) or modifications to such instrument(s) shall not be required.

3. Basis for Evaluation

Each evaluation shall fairly attempt to measure the administrator's effectiveness in performing the duties of his/her job description.

Evaluations may be based upon the direct formal observations of the administrator, but may also consider informal or incidental observations and other relevant information which is within the knowledge of or brought to the attention of the evaluator. Out-of-school conduct may be considered if such conduct impairs the individual's effectiveness as an administrator or as a role model for students and staff.

4. Observations and Conferences

A pre-evaluation conference may be conducted if deemed necessary or advisable by the evaluator.

Formal observations may be made of the administrator, either announced or unannounced, but shall not be a required element of the evaluation process. Whether formal observations are appropriate to the position shall be determined by the evaluator on a case-by-case basis.

Following any formal observations and/or gathering of other evaluative data, and before finalizing any evaluation report, the evaluator shall arrange a post-evaluation conference at which the results of the evaluation process are discussed with the administrator. To the extent that any weaknesses or deficiencies have been identified in the evaluation process, the evaluator shall offer suggestions for improvement. Identified weaknesses and suggestions for improvement shall be identified in the evaluation report, but shall not be a required element of any evaluation.

A final written evaluation report shall be produced in a manner deemed appropriate by the evaluator, in consultation with the administrator. This evaluation report may be combined with the evaluation instrument(s), or may be a separate document. The evaluation report shall be signed and dated by the administrator and the evaluator at the conclusion of the post-evaluation conference. The signature of the administrator shall not necessarily indicate that he/she agrees with the evaluator's comments or conclusions, but only that he/she has been made aware of such comments or conclusions. A copy of the evaluation report shall be provided to the administrator upon request.

The final evaluation report for an administrator in the last year of his/her contract shall include the Superintendent's intended recommendation to the Board concerning the renewal or nonrenewal of the contract.

5. Number and Timing of Evaluations

A. Administrator Not in Final Year of Contract

An administrator not in the final year of his/her contract shall be evaluated at least once during the school year. A written copy of the evaluation report shall be provided to the administrator no later than the end of the administrator's contract year as defined by the administrator's annual salary notice.

B. Administrator in Final Year of Contract

An administrator whose contract is due to expire at the conclusion of the current school year shall have at least one preliminary evaluation and one final evaluation during such year. A written copy of the preliminary evaluation report shall be provided to the administrator at least 60 days prior to any Board action on the renewal or nonrenewal of the contract. A written copy of the final evaluation report shall be provided to the administrator at least five days prior to any Board action on the renewal or nonrenewal of the contract.

Meeting with Board

Each administrator shall be provided the opportunity to meet with the Board in executive session prior to the Board's action on his/her contract. In this meeting, the Board shall discuss its reasons for considering the renewal or nonrenewal of the contract. The administrator may be accompanied by a representative of his/her choosing at the meeting. However, no witnesses or other persons may appear with or on behalf of the administrator without the express permission of the Board.

Written notice of the right to have such a meeting with the Board shall be provided in accordance with law to each administrator whose contract is expiring at the conclusion of the current school year.

Written Rebuttal

The administrator may, at any time following the receipt of an evaluation report, submit a written rebuttal, not to exceed three pages in length, which shall be promptly attached to the evaluation report and any copies of the evaluation report which are retained in the District's records or submitted to the Board for its consideration.

Legal Effect

This policy and the procedures contained herein shall not create a legal expectancy of continued employment or a property interest in continued employment, and shall not be deemed a part of any individual administrator's contract or otherwise a contractual obligation of the Board.

To the extent that any of the procedures contained herein exceed the requirements of Ohio law, such procedures shall not be construed as a precondition to contract nonrenewal and shall not prevent the Board from proceeding with a contract nonrenewal which otherwise satisfies the minimum requirements of Ohio law.

EVALUATION OF PROFESSIONAL STAFF (Administrators Both Professional and Support)

To assist administrators in the development of their professional abilities, to provide information for employment decisions and to comply with mandates of State law, the following procedures are employed by the Superintendent/designee in evaluating administrative personnel.

1. An initial meeting is held by the Superintendent prior to the school year with the assistant superintendents and administrators to discuss specific measurable objectives and plans for their achievement. A statement of these objectives and plans is submitted by each administrator to the Superintendent/designee at a time specified. These objectives and plans are written and maintained in each administrator's personnel file.
2. The evaluator employs the evaluation criteria which are designed to measure the administrator's effectiveness in performing the duties set forth in his/her written job description. All administrators will be evaluated prior to the end of their contract year. The evaluator will also assess the administrator's progress in meeting plans and objectives set for that school year. Areas of outstanding, satisfactory and poor performance will be noted. The Superintendent/designee will meet with each administrator to discuss the written evaluation. The evaluatee is given a copy of the evaluation and has an opportunity to discuss it with the evaluator at this second meeting.
3. An ongoing dialogue concerning the administrator's objectives will continue and the evaluator and evaluatee will meet as needed or requested.
4. For those employees whose contracts are expiring at the end of the current school year, two evaluations must be completed. A preliminary evaluation must be received by the employee at least 60 days prior to any Board action on the employee's contract. A final evaluation must include the Superintendent's intended recommendation for the contract of the employee. A written copy of the final evaluation must be provided to the employee at least five days prior to the Board's action to renew or nonrenew the employee's contract.
5. The employee may request a meeting with the Board prior to any Board action on his/her contract. The employee may have a representative of his/her choice at the meeting.
6. Assistant superintendents, principals, assistant principals and other administrators are automatically re-employed if they are not evaluated according to State law or provided a meeting, if requested, to discuss their renewal or nonrenewal.
7. All evaluation criteria, procedures and written job descriptions are reviewed annually by the Superintendent/designee and revised as necessary.

EVALUATION OF SCHOOL COUNSELORS

Professional school counselors offer students access to high-quality services that support students' academic, career and social/emotional development. The Board evaluates school counselors in accordance with State law and the standards-based statewide counselor evaluation framework adopted by the State Board of Education (SBOE). The framework is aligned with the Ohio Standards for School Counselors.

The Board directs the Superintendent/designee to implement this policy in accordance with State law. The policy becomes operative at the expiration of any collective bargaining agreement covering school counselors that is in effect on September 29, 2015. The requirements of this policy prevail over any conflicting provisions of collective bargaining agreements entered into on or after September 29, 2015.

Annually, the Board submits to the Ohio Department of Education (ODE) a report regarding implementation of this policy. The name of, or any personally identifiable information about, any counselor reported in compliance with this provision cannot be required.

Effectiveness Rating

School counselors are assigned an effectiveness rating of Accomplished, Skilled, Developing or Ineffective. Each school counselor is evaluated based on multiple factors including performance on all areas identified by the standards for school counselors and the ability to produce positive student outcomes using metrics in order to determine the holistic final summative rating of effectiveness according to ODE requirements. The choice of metrics for student outcomes will be determined locally and will include information from the school or school district's report card when appropriate.

Evaluation Time Line

District administrators evaluate school counselors annually except as otherwise appropriate for high performing school counselors. Annual evaluations include two formal observations of at least 30 minutes each and informal observations. Counselors will be provided with a written report of the evaluation.

The Board evaluates school counselors receiving effectiveness ratings of Accomplished on the counselors' most recent evaluations carried out under this policy, and whose metric of student outcomes for the most recent school year for which data is available is skilled or higher on the evaluation rubric every three years. In years when an evaluation will not take place, one observation is carried out and at least one conference with the counselor is held.

Professional Growth and Improvement Plans

School counselors with a final summative rating of Accomplished must develop a professional growth plan.

School counselors with a final summative rating of Skilled must develop a professional growth plan collaboratively with their evaluator.

School counselors with a final summative rating of Developing must develop a professional growth plans with their evaluator. The Superintendent/designee approves the professional growth plan.

School counselors with a final summative rating of Ineffective must develop an improvement plan with their evaluator. The Superintendent/designee approves the improvement plan.

The District has discretion to place a school counselor on an improvement plan at any time based on deficiencies in any individual component of the evaluation system.

Retention and Promotion

The Board uses evaluation results for retention and promotion decisions for school counselors beginning with the 2017-2018 school year. The Board adopts procedures for use by District administrators in making retention and promotion decisions based on evaluation results.

Poorly Performing Counselors

The Board uses evaluation results for removing poorly performing counselors beginning with the 2017-2018 school year. The Board adopts procedures for removing poorly performing school counselors based on evaluation results.
